Dependent Child Policy

Thank you for choosing McLaughlin Family Dentistry for your family's dental needs. We take the care of our minor patients very seriously and want only the best experiences for them in beginning their dental journey. From many years of working with young patients and numerous documented articles, it is known that most children will fair better while unaccompanied by a parent. Therefore, we will always invite your child back for treatment by themselves. If you would like to escort your child, please inform our staff and we will be happy to accommodate.

Please note that all children 16 years or younger need to have an adult on the premises while receiving dental care. Exceptions to this will only be made by the treating doctors on a case by case basis **prior** to the dental appointment.

Once again, thank you for choosing McLaughlin Family Dentistry. We look forward to creating beautiful, healthy smiles for you and your family for many years to come.

I have read and understand the **Dependent Child Policy** of McLaughlin Family Dentistry and agree to be bound by its terms.
